News Round Up!

- ◆ **HORSHAM PARKS VISIT**
A representative of Horsham Parks and Recreation will be coming to visit our club on Thursday, February 3rd. The purpose of the visit is to discuss expanding our presence at Horsham Day. We intend not only to sell Ice Cream as in years past, but also wish to have a Pig Roast and sell pulled pork sandwiches.
- ◆ **DISTRICT GOVERNOR VISIT**
District 14-R Governor Donna Law from the Kulpville Lions will be coming to pay our club a visit during our regularly scheduled second meeting this month. Governors' visits are always one of the most attended and most enjoyable meetings of the year, so come join the fun!
- ◆ **ABINGTON LIONS VISIT**
On the same night, during our second meeting of the month, the Abington Lions will also be paying us a visit. Even more reason to come out and share in Lionism! The Abington Lions will be coming to discuss plans for the annual golf outing. We will be cooperating again with Abington this year to conduct the golf outing.

High Gear Fundraising

- 
- In the span of just three months, we will be having our three biggest fundraisers:
- ◆ At the end of May we will be parking cars for the annual Air Show. This year will definitely be huge, due to the draw of the Blue Angels.
 - ◆ Just ONE WEEK later, we will be selling ice cream and pork sandwiches at Horsham Day.
 - ◆ And just ONE MONTH after that, we will be hosting our annual Golf Tournament.
- This is a very ambitious set of events, on a very aggressive schedule, and we need all the help we can get. Please come out and volunteer. You all know that the proceeds go to a very good cause.

February Birthdays:

Gene McGill (9th)
Bill Donnely (17th)

Health Care Planning - More than Meets the Eye

At our January 20th dinner meeting, Ms. Alice Becker came to speak to us about health care planning. She and her husband Stephen run Becker Health Care Planning, an organization focused on helping people understand the choices that lay before them, and choosing the right health care solutions for each individual's needs.

The first thing Ms. Becker pointed out is just how little most people actually know about the wide range of health care insurance available.

She also spoke about many myths that people hold about health care insurance, as well as comparing the price of health care insurance to the cost of not buying it, and needing it later!

Far more options are available than most people realize, and the process is far less complicated than one would imagine.

Ms. Becker has years of experience as both an emergency room nurse as well as a health care planning specialist.
