 - ◆ **PA Representative Rick Taylor Visit** and Dinner Meeting, Thursday, Sept 18th, 7pm, Williamsons
 - ◆ **Dinner Meeting and Guest Speaker** Colonel Tomtois, Thursday October 2nd, 7pm, Williamsons
 - ◆ **PA Representative Tom Murt Visit** and Dinner Meeting, Thursday Oct 16th, 7pm, Williamsons

- Meeting Notes**
- ◆ **September 4th**, we have a regular dinner meeting.
 - ◆ **September 18th**, **Representative Rick Taylor** (D) will visit.
 - ◆ **October 2nd**, **Colonel Tomtois** from the Willow Grove Joint Reserve Base will be visiting us. He will discuss the future of the airbase with us. Air shows are crucial fundraisers for us.
 - ◆ **October 16th**, **Representative Tom Murt** (R) will visit.

White Cane Days are coming up in October. We had very few volunteers able to participate last year. Please do your best to schedule a few hours to help in this worthy cause.

Are you **Registered to Vote**? The election may still be 2 months away, but it's never too early to register.

Two **State Representatives** are visiting us this fall. Many members have strong political opinions which may differ from those held by the representatives. More than once, I've heard members opt not to attend the meeting because of this.

If you differ with representatives Murt or Taylor, **ALL THE MORE REASON** to attend those dinner meetings. Isn't that what democracy is about? Come voice your opinion, come tell the people who represent us how you feel!

Our annual **Golf Outing** took place in August. We had a total of 9 golfers sign up, and we earned approximately \$500 from the fundraiser.

- Did You Know?**
- ◆ In England, a billboard is called a "hoarding".
 - ◆ The pyramids in Egypt contain enough stone to construct a wall 10' high and 5' wide from NY to LA.
 - ◆ The Popsicle was invented by an 11-year-old in 1905, when he left a container of soda and stirrer outside overnight, where they froze.

Monthly Brain Teaser!

Name me ... and you shall break me.

Last Month's Answer: Before Mount Everest was discovered, Mount Everest was **still** the tallest mountain on Earth.
