Thurs, June 18th, 7pm
Horsham Library
- ◆ **Dinner Meeting**
Thurs, July 16th, 7pm
Williamsons,
Meet the Scholarship
Winners!

Did You Know?

- ◆ A small or imperfect ear of corn is called a "nubbin".
- ◆ The longest muscle in the human body is the sartorius, which passes in front of the thigh bone.
- ◆ The average adult stands 0.4 inch taller in the morning than evening, due to spinal cartilage compression during the day.

Horsham Day Is Here!

By the time you get this newsletter, there will be less than a week left to prepare for Horsham Day. Thanks to all Lions who came to our May 21st meeting, where we spent most of the meeting planning.

Things look better. We have between four and six high school volunteers from 11am through 6pm. We have other Lions coming to help out in the evening, when others are exhausted. As long as we have good weather, we should be alright!

If you were thinking of coming to help, by all means, please come. Many hands make light work!

**HORSHAM DAY
2009**

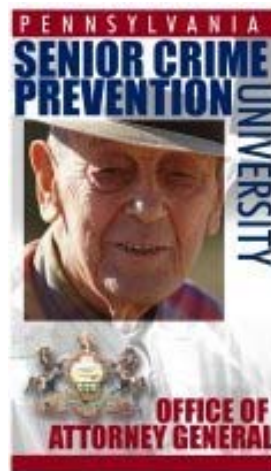

News and Notes

- ◆ We hope to have three "refurbished" **Lions Signs** erected around the township very soon. Thanks to Larry Glemser and PDG Ted Truver for their footwork and effort. Larry says that we need to wait for PennDOT approval.
- ◆ Scholarship winners have been chosen! The names will be revealed after June 4th, when we award two of the scholarships at HHHS Award Night.

We're hosting a **Senior Online Crime Prevention** seminar on October 1st, at the Community Center. Pennsylvania attorney general Tom Corbett is providing a speaker. We'll cover topics like how to recognize scam attempts, and surfing the internet safely.

Look for more information in the coming months!

Brain Teaser!

A woman marries 11 men within 10 years, divorces none of them, and none die. How?

Last Month's Answer:

TON

June Birthdays:

Tom Burgess June 10th
Ron Mintz June 18th
Darren Miller June 22nd

TWO New Members Inducted

Join us in welcoming two newly inducted members to the Horsham Lions Club. Pictured left to right are new members Allan Weinstein, Donnie Edmunds, and PDG Al Outland, who officiated our induction.

Allan has recently returned to this area from Florida, where he was active in a local Lions Club. He now lives in Jenkintown.

Donnie has joined us along with his business partner Joe Turchi. The two own and operate Tori's Water Ice located on Route 611 near Maple Ave.

Stroke Prevention Seminar

Jenifer Seboek from **Life Line Screening** came to visit us during our May 7th dinner meeting. She educated the Lions about the facts of strokes, risk factors, and how to prevent them. Life Line Screening offers up to 5 different tests to screen you for increased stroke risks.

Life Line Screening operates traveling test centers which roam the country, and come to our area several times a year. The test scans take between 60-90 minutes and are totally painless. For more information visit www.LifeLineScreening.com.
